All,

Please find attached the Initial Release version of the Portland Harbor Public Health Assessment. This is a limited release to government agency partners only. Please keep in mind that this is not to be publicly released until after your comments have been incorporated. So, please keep it within your respective offices.

The comment period ends on November 20. You can send your comments directly to me, or you can follow the directions on the second page to send them to ATSDR headquarters in Atlanta (but they will just forward them back to me).

Hard copies are on the way. There are 3 packets of 3 hardcopies and 1 CD each to Mike, Dana, and Judy. These are coming directly from ATSDR headquarters in Atlanta. The 3 copies per packet are so that they can be distributed to more reviewers within each office.

I really value your input. Thanks so much for your help making sure this is accurate, complete, and readable. Keep in mind that the primary audience for a Public Health Assessment is the affected community (general public). So I'll lean heavily on comments from Judy and Marcia regarding readability and clarity.

Thanks again,

David Farrer
